LeanSpa HCA

THE PROPER WEIGHT LOSS SYSTEM

Get a Celebrity Looking Body Today!

AS SEEN ON:      

Julie investigates the HCA Cleanse diet to find out for herself if this super diet works.

(Piscataway) - HCA is the latest weight loss fad and with many positive University studies out, is gaining huge momentum in the diet world. It is extracted from the so called super fruit Garcinia Cambogia and has been getting a lot of international attention. And like you have probably already seen; they are all over the internet in blogs and success stories of people who have apparently used the pills and lost a ton of weight.

But we here at Daily Health 6 are a little skeptical and aren't sure that we've seen any real proof that these pills work for weight loss. So we decided to put these products to the test. What better way to find out the truth than to

conduct our own study?

To get started, I volunteered to be the guinea pig. I applied for a free trial of the [LeanSpa with Pure HCA](#). While there are ton's of ads for HCA online, [LeanSpa with Pure HCA](#) is one of the most credible and trustworthy suppliers on the market. The HCA used are in their purest form unlike other competing supplements. Artificial HCA is what is used in most supplementents and is uneffective, LeanSpa gets it's HCA directly from the Garcinia fruit and is the only supplement that does so. It included the free trial of the product and it did not try to fool me into agreeing to additional hidden offers. Another reason why I chose [LeanSpa with Pure HCA](#) is because it is the most concentrated and purest garcinia products on the market. This would give me the most accurate results for my test.

Here is what [LeanSpa with Pure HCA](#) claimed on their website...

- Up To 4 Times More Weight Loss Than Standard Diets
- Boosts Energy without the 'jitters'
- Burn Calories
- Boost Immune System
- Rich in Antioxidants
- Pure form of HCA (very rare)

We were pretty skeptical, but wanted to find out for ourselves if this product could actually do everything that it claimed. Most of the success stories talk about combining HCA with colon cleansing products to achieve maximum weight loss. I decided to do the same. The idea behind combining the products is that while the [HCA](#) encourages weight loss and increases energy, the colon cleanse helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [LeanSpa Cleanse](#) to test.

Julie Ayers, our Health and Diet columnist, recently put the HCA Cleanse Diet to the test. After four weeks of testing the effects of America's Newest Superfood combined with a Colon Cleanse, she has reached the conclusion to what this diet is all about, and the results were surprising.

She lost 25lbs in 4 weeks.

The benefits of the HCA Cleanse diet beat all of our initial skepticism. We found the diet not only with weight loss, but it seemed to boost energy levels, and also helped Julie sleep better and to wakeup more rested.

Here is what LeanSpa Cleanse claimed on their website...

- Helps Eliminate Bad Toxins that have Built Up Over the Years
- Removes 'Sludge' from the Walls of the Colon
- Helps Get Rid of Gas and Bloating
- Helps to Regulate the Metabolism

And the LeanSpa Cleanse, like the HCA, had a free trial with a 100% satisfaction guarantee and had no hidden offers.

Putting HCA to the Test

Both the [LeanSpa with Pure HCA](#) and [LeanSpa Cleanse](#) arrived within 4 days of having placed my order online for the free trials.

The bottles I received held a month's worth of pills which worked out perfect as I was to follow the supplement routine for 4 weeks time and document my progress throughout.

My Test

4 Week HCA Diet: LeanSpa with Pure HCA + LeanSpa Cleanse

- [Take one LeanSpa with Pure HCA pill per day](#)
- [Take one LeanSpa Cleanse pill per day](#)

My Results

Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the HCA which curbs the appetite.

I honestly felt fantastic.

And I didn't even change anything about my daily routine. On day 7 I got on the scale and couldn't believe my eyes. I had lost 9 lbs. But I still wasn't convinced as they say you lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 140 lbs for the first time in years!

Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 lbs, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes, after losing another 6 lbs. And I still have a ton of energy. Quite often, around the third week of other diets, you tend to run out of steam. But with the LeanSpa with Pure HCA and LeanSpa Cleanse diet my energy levels don't dip, but remain steady throughout the day. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!!

Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the LeanSpa with Pure HCA and LeanSpa Cleanse diet! Actually everyone at Daily Health 6 is kicking themselves for not having volunteered to be the guinea pig. Using the [LeanSpa with Pure HCA](#) and [LeanSpa Cleanse](#) in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. Given the results and the added

1. Set a goal. Identify your ideal weight and set up a plan to start reaching your goal.

2. Don't be afraid to ask for and get help. You're not going to lose weight alone. Tell you family. Get support.

3. Vitamins are good for you. The American diet lacks essential vitamins and minerals. Balance your health with the best supplements.

4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.

5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

health benefits I will continue to use the products indefinitely!

I couldn't be any happier with the results.

I Lost 25 lbs in 4 Weeks, No Special Diet, No Intense Exercise

Conclusion: Like us, here at Daily Health 6, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. After conducting our own personal study we are pleased to see that people really are finding success with it (myself included :)). And you have nothing to lose. Follow the links to the free trials I have provided and know that you are getting a quality product that works; no strings attached!

Good luck with your weight loss,
- Julie Ayers

*Graph depicts results from 3 individual study subjects out of 17 participants who completed the study. Other individual participant results varied. The study was an open label 60 day short term trial to assess safety and efficacy. LeanSpa continues to invest in research and is in the process of developing next phase research with a larger double blind placebo controlled trial.

The Miracle of Garcinia/HCA

The power of LeanSpa's unique and clinically studied (-) hydroxyctic acid (HCA) is a powerful tool for reducing Fat and building lean Muscle. LeanSpa contains a highly bioavailable form of 65%, that is 100% soluble, all natural, safe and effective plant extract. In contrast, most products that contain HCA ingredients contain 50% HCA, are less than 50% soluble and less bioavailable. Extracted from the South Asian fruit Garcinia cambogia and LeanSpa contains standardized levels of (-) hydroxyctic acid (HCA), which has been clinically shown to suppress appetite and inhibit fat production, without stimulating the central nervous system. Not only does LeanSpa contain a more bioavailable and soluble form of HCA than other products, LeanSpa also provides more milligrams of HCA in its formulation. Each serving of LeanSpa contains 1500 mgs which has been clinically proven to reduce fat and build lean muscle. LeanSpa's unique high strength HCA is just one of several of it's key ingredients that supports the products effectiveness. The makers of LeanSpa believe strongly that the high cost investment in its unique HCA as well the blend and quality of LeanSpa's specialized ingredients is what separates us from the rest.

Change Your Body with LEANSPA!

In a pilot study on 17 subjects, the LeanSpa Formula showed a significant, average weight loss over a 2-month period. More important, the change in weight was PROPER weight loss in that the subjects lost fat while gaining muscle. Under the usual dieting regimen, weight loss from dietary changes alone causes loss of muscle as well as fat. Also, many weight loss/dieting regimens result in bone mineral loss, an undesirable outcome. This was not the case with LeanSpa. Much of the observed fat loss in this study occurred in the abdominal region, the area of most concern to physicians. Decreases in abdominal fat are important to

physicians who understand that accumulation of fat in this area seems to be closely associated with many chronic disorders, such as blood pressure elevations, diabetes, and perturbations of circulating lipids in the blood.

At least part of the weight loss in this study is accounted for by an 8% increase in basal metabolism, approximating over starting values. Notably, blood pressure and heart rate were virtually unchanged even though a significant increase in the basal metabolic rate occurred. Blood work revealed no significant adverse side effects, and various psychological testings suggest improvement in the quality of life and an improvement in healthy eating habits.

Garcinia Cambogia

HCA works by blocking lipogenesis or conversion of starches and sugars into fat that is stored and increases our weight. HCA also lessens existing fat through increased breakdown. Additionally, HCA raises the levels of Serotonin that have a role in appetite regulation.

Green Tea

Green tea helps promote fat burning and provides EGCG, a powerful metabolism booster and an essential anti-oxidant.

5-Hydroxytryptophan

5-HTP increases the production of serotonin. Serotonin is essential for weight loss as it is a brain chemical which controls appetite. Serotonin is the satiety or satisfaction chemical. When your brain makes more serotonin, your appetite is more readily controlled, for example your thirst is when you drink enough water.

Chromium

Chromium may help to control type 2 diabetes or the glucose and insulin responses in persons at high risk of developing the disease. Additionally, chromium can have an impact on blood lipid levels. Studies indicate that chromium can decrease total and low-density-lipoprotein (LDL or "bad") cholesterol and triglyceride levels and increased concentrations of apolipoprotein A (a component of high-density-lipoprotein cholesterol known as HDL or "good" cholesterol)

Acai

The Acai Berry has one of the highest antioxidant value of any edible substance in the world - 50 times that of red grapes!

Caffeine

Caffeine acts as a dietary aid to promote increased fat oxidation and breakdown.

Octopamine HCL

Octopamine HCL stimulates receptors involved in the processes of fat metabolism that directly cause fatty acids to be released from the adipose tissue and metabolized.

Acai Berry: Fox35 Special Report

Julie investigates the Acai Berry diet to find out for herself if this super diet works.

(Piscataway) - Acai berries are the latest weight loss fad. These so called Super Foods that you take as a supplement to lose weight have been getting a lot of international attention. And like you have probably already seen; they are all over the internet in blogs and success stories of people who have apparently used the pills and lost a ton of weight.

But we here at Daily Health 6 are a little skeptical and aren't sure that we've seen any real proof that these pills work for weight loss. So we decided to put these products to the test. What better way to find out the truth than to conduct our own study?

To get started, I volunteered to be the guinea pig. I applied for a risk free trial of the [UltraBerry Slim](#). While there are ton's of Acai berry ads online, [UltraBerry Slim](#) is one of the most credible and trustworthy suppliers on the market. It included the risk free trial of the product and it did not try to fool me into agreeing to additional hidden offers. Another reason why I chose [UltraBerry Slim](#) is because it is the most concentrated and purest acai products on the market. This would give me the most accurate results for my test.

Here is what UltraBerry Slim claimed on their website...

- Up To 4 Times More Weight Loss Than Standard Diets
- Boosts Energy without the 'jitters'
- Burn Calories
- Boost Immune System
- Rich in Antioxidants

We were pretty skeptical, but wanted to find out for ourselves if this product could actually do everything that it claimed. Most of the success stories talk about combining acai berry with colon cleansing products to achieve maximum weight loss. I decided to do the same. The idea behind combining the products is that while the [Acai Berry](#) encourages weight loss and increases energy, the colon cleanse helps rid your body of toxins and allows your body to work and burn calories more efficiently. I chose [ColoThin](#) to test.

Here is what ColoThin claimed on their website...

- Helps Eliminate Bad Toxins that have Built Up Over the Years
- Removes 'Sludge' from the Walls of the Colon
- Helps Get Rid of Gas and Bloating
- Helps to Regulate the Metabolism

Julie Ayers, our Health and Diet columnist, recently put the Acai Diet to the test. After four weeks of testing the effects of America's Newest Superfood combined with a Colon Cleanse, she has reached the conclusion to what this diet is all about, and the results were surprising.

She lost 25lbs in 4 weeks.

The benefits of the Acai berry diet beat all of our initial skepticism. We found the diet not only with weight loss, but it seemed to boost energy levels, and also helped Julie sleep better and to wakeup more rested.

Putting Acai to the Test

Both the [UltraBerry Slim](#) and [ColoThin](#) arrived within 4 days of having placed my order online for the bottles.

The bottles I received held a month's worth of pills which worked out perfect as I was to follow the supplement routine for 4 weeks time and document my progress throughout.

My Test

4 Week Acai Berry Diet: UltraBerry Slim + ColoThin

My Results

Week One

After one week on the diet using both products I was surprised at the dramatic results. My energy level was up, and I wasn't even hungry, an apparent side effect of the Acai Berry which curbs the appetite.

I honestly felt fantastic.

And I didn't even change anything about my daily routine. On day 7 I got on the scale and couldn't believe my eyes. I had lost 9 lbs. But I still wasn't convinced as they say you lose a lot of water at the beginning of any diet. I wanted to wait and see the results in the upcoming weeks. But it sure was looking up! I now weighed under 140 lbs for the first time in years!

Week Two

After two weeks of using both supplements, I started the week off with even more energy and was actually sleeping more soundly than before. I was no longer waking up during the night and tossing and turning because my body was actually able to relax (this is a result of getting rid of the toxins I think). Plus I still managed to lose another 7 lbs, putting me at an unbelievable 16 lbs of weight loss, in just 2 weeks.

I must admit that I'm starting to believe that this diet is more than just a gimmick.

Week Three

After 3 weeks all my doubts and skepticism had absolutely vanished! I am down, 2 full dress sizes, after losing another 6 lbs. And I still have a ton of energy. I no longer need that cat nap around 3pm in the afternoon! And I am even noticing that my stomach is digesting food so much better. No bloating or embarrassing gas after I eat!!

Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the UltraBerry Slim and ColoThin diet! Actually everyone at Daily Health 6 is kicking themselves for not having volunteered to be the guinea pig. Using the [UltraBerry Slim](#) and [ColoThin](#) in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. Given the results and the added health benefits I will continue to use the products indefinitely!

I couldn't be any happier with the results.

1. Set a goal. Identify your ideal weight and set up a plan to start reaching your goal.

2. Don't be afraid to ask for and get help.

You're not going to lose weight alone. Tell you family. Get support.

3. Vitamins are good for you. The American diet lacks essential vitamins and minerals. Balance your health with the best supplements.

4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.

5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

Conclusion: Like us, here at Daily Health 6, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. After conducting our own personal study we are pleased to see that people really are finding success with it (myself included :)). And you have nothing to lose. Follow the links I have provided and know that you are getting a quality product that works; no strings attached!

Good luck with your weight loss,

Week Four

After the fourth week, my final results were shocking. I lost an unbelievable 25 lbs since starting the TrimSport Acai and PureCleanse 360 diet! Actually everyone at Daily Health 6 is kicking themselves for not having volunteered to be the guinea pig. Using the [TrimSport Acai](#) and [PureCleanse 360](#) in week 4 I lost 3 more lbs. But to be honest I really didn't have much more than that left to lose. Given the results and the added health benefits I will continue to use the products indefinitely!

I couldn't be any happier with the results.

» Weight Loss Tips

1. Set a goal. Identify your ideal weight and set up a plan to start reaching your goal.

2. Don't be afraid to ask for and get help. You're not going to lose weight alone. Tell your family. Get support.

3. Vitamins are good for you. The American diet lacks essential vitamins and minerals. Balance your health with the best supplements.

4. Walk the Walk. You burn calories when you walk, did you know that? Keep active and balance your diet with regular exercise.

5. Sleep it off. To be an efficient fat-burning machine, your body requires at least eight hours of sleep a night. If you think that you're doing yourself a favor by sleeping less, you're mistaken.

I Lost 25 lbs in 4 Weeks, No Special Diet, No Intense Exercise

Conclusion: Like us, here at Daily Health 6, you might be a little doubtful about the effects of this diet, but you need to try it for yourself; the results are real. After conducting our own personal study we are pleased to see that people really are finding success with it (myself included :)). And you have nothing to lose. Follow the links I have provided and know that you are getting a quality product that works; no strings attached!

Good luck with your weight loss,

EXPOSED: New Jersey Mom Makes \$8,000/Month And You Won't Believe How She Does It!

"Melissa puts her computer to work and makes money while working from home. She says that [Multiple Streams of Income](#) has helped change her financial life and recommends it to people as a good opportunity.

Have You Ever Considered Working From Home?

Melissa Johnson from Piscataway, NJ never thought that she would work online, until curiosity got the best of her and she ordered a course from Millionaire author Robert Allen called Multiple Streams Of Income. Before she knew it, she discovered her secret to beating the recession, and being able to provide for her family while at home with her three children.

I read Melissa's blog last month and decided to feature her story in our weekly consumer report. In our phone interview she told me her amazing story. "I actually make about \$7,000-\$8,000 a month working from home. It's enough to comfortably replace my old jobs income, especially considering I only work about 15-18

hours a week from home.

A check Melissa recently received using the Multiple Streams of Income System

Working online has been a financial windfall for Melissa, who struggled for months to find a decent job but kept hitting dead ends. "I lost my job shortly after the recession hit, I needed reliable income, I was not interested in the "get rich quick" scams you see all over the internet. Those are all pyramid scams or stuff where you have to sell to your friends and family. I just needed a legitimate way to earn a living for me and my family. The best part of working online is that I am always home with the kids. Thanks to the Multipul Streams of Income Kit I am giving my kids the childhood they deserve."

I asked her about how she started her life-changing journey. "It was pretty easy", I saw an ad by Robert Allen about a course called Multiple Streams of Income. [I knew about Robert Allen from TV and knew he was legit, and since they offered a "365 Day Money Back Guarantee"](#)

Melissa Johnson is a regular mom who lost her job last year, and after an unsuccessful job hunt, she started working online. I interviewed her about her amazing story and she revealed her steps for success.

Step 1
Go to [Multiple Streams of Income](#), and fill out the form to get instant activation.

Step 2
Get [Robert Allen's Multiple Streams of Income Course](#) and complete the attached Ad Placement Associate

- I figured I really had nothing to lose. so I invested in the course.

The course was really cheap, under \$100. I got the course and within six weeks I was making over \$8,000 a month. Its really simple, I am not a computer whiz, but I can use the internet. I follow Robert Allen's simple instruction. "I don't even have to sell anything and nobody has to buy anything". There are openings all over the country, you should try it."

The companies you work with are worth over 100 billion dollars and are the most used sites in the internet market place, like Amazon, Google, Walmart, Delta, Apple and more... You're using the top ranked sites in the world, over 50 percent of all internet traffic flows through them everyday. It's a great opportunity and this has been helping people work at home for over 5 years. Why not get in with the internets best and biggest companies?

there are plenty of scams on the internet claiming you can make \$50,000 a month, but that is exactly what they are scams. From my conversation with Melissa, "I am making a good salary from home, which is amazing, under a year ago I was jobless in a horrible economy. I thank God every day that I filled out that form."

Quickly, Melissa Johnson was able to use the simple Robert Allen's [Multiple Streams of Income](#) to make it out of the recession.

Simon: you have to work and use the computer and internet, and if you can do that and dedicate some time each day then you can do this with no problem. I have been working with this for a month and have made over \$2,000 already. let me know if you need more help.

I'd just like to add my story; I think others would like to hear it. I too was always leery about work at home offers because they always seemed to be scams. But soon after hit by recession, I was a little frightened. I wanted to have a backup plan just in case. So, I took your advice and got my **Robert Allen Multiple Streams of income (cuz they offered a 365Day Moneyback Guarantee,)** . It worked like a charm - I was earning money right away! I eventually did get laid off, just as I had feared, but since I had been using the the Robert Allen System I had money to fall back on. Now I'm doing better than I had at my job!

Don't Break the Bank: A Mom's Trick to Whiter Teeth

- STORY HIGHLIGHTS
- Mom discovers **trick** to get white teeth from home.
 - **Exclusive links** bring down the cost to under \$4*.
 - Combining a [Tray Kit](#) and [Whitening Pen](#) is key.

(DailyHealth6) -- Amidst the second worst recession in United States history, thrifty consumers are turning to the internet to take advantage of special offers.

Amy, an ordinary mom from Piscataway, NJ discovered a clever trick to get a celebrity smile for less than \$4.

Thanks to the trick she discovered, thousands of consumers have been able to whiten their teeth from home.

STEP 1:

First get [Pür Whitening Tray Kit](#)
(Use our exclusive link for a discount!)

STEP 2:

Then get [Vibrant Smile Pen](#)
(Use our exclusive link for a discount!)

***This is key.** Use both products to get results like Amy

Amy, a New Jersey school teacher and full time mother, is one such consumer. It all started about three months ago when she bought an authentic Coach pocketbook on sale for only \$55 (75% off the retail price). She was determined to seek out other great offers and recently made her best find. Amy discovered a clever way of combining two different teeth whitening offers from two different companies – [Pür Whitening Tray Kit](#) and [Vibrant Smile Pen](#) -- to get results similar to that of a professional whitening done by a dentist. Rather than spending \$500 at her local dentist to attain a sexy smile, she was able to do so for less than \$4 by using free trial offers she found online.

Amy: "I like to consider myself a smart shopper, always finding the best bang for my buck. My online teeth whitening discovery was without a doubt one of the best finds I made this year."

How did Amy wind up with yellow teeth?

"While my mom always told me be to be proud of who I am and what I look like, I have always been self conscious about my yellow teeth. Truthfully, I have no one to blame for this problem but myself. I smoked for 8 years, drink 2 cups of coffee a day (only way to stay awake at work), and love a glass of red wine to help me sleep at night. Furthermore, I would be lying if I said that I brushed my teeth 3 times a day every day. While I recently quit smoking and have cut back on the amount of coffee I drink, my tooth discoloration seems to be permanent. I used just about every "whitening" toothpaste and mouthwash product on the market and saw little if any improvement.

A co-worker of mine recently recommended to do some research online before making my next purchase. As an elementary school teacher with a modest salary and a sizeable

mortgage, cost was a major concern. While searching the Web I found a few online teeth whitening companies giving away free trials where you only had to pay a few dollars for shipping. I ordered two products, [Pür Whitening Tray Kit](#) and [Vibrant Smile Pen](#), both of which had 9/10 ratings and positive feedback from all users. After using the first product the results were noticeable, but after following with the second product I had a celebrity white smile. I'm far from a medical expert, but it appears that each product focused on DIFFERENT parts of the problem and that the second one put the whitening effect into overdrive. By using them both in a row I had absolutely unbelievable results. I can't believe companies are practically giving these products away!"

Amy: "I'm an optimist and always look for the silver lining in any situation. While this recession has negatively impacted me like everyone else, my savvy shopping skills got me the smile I always wanted."

Online teeth whitening companies are **DESPERATE** for new customers and are giving away free trials as a way to find new clients and offload excess inventory. **You can and should take advantage of the downturn in the economy just like Amy.**

When asked to elaborate on her discovery Amy said:

"I was impressed with the results after the first 3 days – but once I saw my teeth after a week, I was absolutely blown away... I knew I was onto something. The trick is to use TWO trial products that compliment each other **TOGETHER** to give yourself a whitening comparable to that of your favorite actress."

Daily Health 6 would like to thank Amy for this amazing teeth whitening tip. If you are interested in using Amy's trick, we have provided links and coupon code information for the two products she used. After further research, we have learned that these coupon codes will work until Friday, March 11, 2011, so you have until then to obtain these free trials. Remember, to get results like Amy's, you will want to use BOTH products together:

A CLINICAL STUDY ON HOME WHITENING

Recent studies by many prominent dentists have shown that bleaching compounds contained in tooth whitening products seem to work well and give great results even without the use of lasers or lights.

The use of lasers or lights do not effect the results in most cases. These studies were performed by using the "split arch" method, wherein the teeth on one side are treated using just the whitener, while the teeth on the other side are treated using the whitener as well as an activating light source.

Studies have stated that the results were the same in both cases. The teeth on both sides were the same.

Has the shine on your once white, glossy teeth faded to expose the natural yellow layer beneath? Add to that a lifetime's worth of pigments from coffee, red wine, soda and tea that have gotten lodged in tiny cracks in your teeth. What is the result? Unattractive, yellow or even worse, a brown hue that's made tooth whitening one of the most popular cosmetic dental procedures in the United States. But now, there is a solution that DOES NOT require you to see your dentist and DOES NOT come with the high costs and fees that dentists charge.

An estimated Ten Million Americans will spend a whopping 1.7 Billion Dollars on tooth whitening products and services this year. According to the American

Get That Bright Smile Back with My Vibrant Whitening Pen

Do you remember when your smile was white as could be; before it faded with stains and discoloration? Our daily habits including but not limited to; coffee, red wine, soda, and tea fade the color of our teeth over time. The result is an unattractive discoloration that makes our once shiny smile a distant memory. This has made tooth whitening one of the most popular cosmetic dental procedures in the United States. But who can afford to visit their

dentist every time they want their teeth whitened? It is estimated that Americans spend a mind boggling 1.7 billion dollars on tooth whitening products and services every year.

I feel like I have gained self confidence after using the My Vibrant Teeth Whitening Pen. My teeth were stained from earlier years of smoking and I was somewhat embarrassed to smile in front of people. Now, everyone compliments me on how white my teeth look and it really feels great to hear that. I can't tell you how glad I am that I tried your products.
